Test Aftermath

5 pt quiz grade

1. Reflect on your performance. Offer specific examples of which areas you did well on and which areas you did poorly.

2. Redo problem 4 from the test or if you got full credit on it then select one problem you got wrong. Show me that you understand the problem by doing this one over again AND doing another problem like it correctly.

3. Select a topic that was not covered on the test. Show me you understand it by working a problem correctly.
