Lab Policies

1. There will be no make-up allowed for any of the labs and no late labs will be accepted.

2. It is the student's responsibility to regularly check his/her grade in Blackboard and make sure that the lab grades have been entered correctly. Complaints about lab grades after the end of the semester will be ignored.

3. You are encouraged to discuss the lab with your classmates, however everybody must turn in their own version of the lab write-up. Two identical lab reports (or part of reports) will receive half credit. Repeat offenders will receive zero credit.

4. All students are expected and required to follow the academic integrity ASU policies. For more information please visit http://provost.asu.edu/academicintegrity
